REINFORCEMENTS FROM  
EAST FRONT ARRIVE

(By Associated Press.)  
DATELESS—Heavy fighting is progressing on the Aisne front, where the Germans, heavily reinforced by men from the Russian front attacked strongly. The French repulsed them except for a slight penetration of the first line at two points aggregating 700 yards. In a counter attack they retook a portion of this.

On the fighting fronts in France, the British forces have recaptured important positions from the Germans east of Arras, while the Germans in the Champagne region have

gained a foothold in French first line trenches.

The British gain was made east of Monchy le Preux, where Monday the Germans, under cover of a violent bombardment, drove back the British and occupied their trenches. Between the Ailette river and Moulin de Laffaux, the Germans in a strong attack in which huge effectives were used, captured a section of a trench held by the French. The attack was delivered over a front of about two-thirds of a mile and fol-

lowed a violent bombardment of the French line.

Near Lens the Canadians, in assault on a position held by the Germans which was barring the way to the coal city, routed the defenders and captured the trenches and incorporated them into the British lines. The Germans in vicious attacks, endeavored to regain the lost terrain, but were beaten off.

(By Associated Press.)  
BERLIN, June 21.—Germany took French positions for a length of 1500 yards on the Aisne front.

ENGINEERS ARE CALLED  
INTO ACTIVE SERVICE

(By Associated Press.)  
SACRAMENTO, Cal., June 21.—The war department has ordered Company A, California Engineers, into the federal service immediately. The members come from all parts of the state. They will probably go to France soon.

LEADVILLE  
AUSTRIANS  
IN PRISONESCORT OF NATIONAL GUARDS  
BROUGHT FROM DENVER TO  
MAKE ARREST

(By Associated Press.)  
LEADVILLE, Colo., June 21.—Forty-two Austrian prisoners at the county jail, held on charges of evading the selective draft, were removed today to a special train by national guardsmen brought from Denver by the United States marshal after threats were made by Austrian countrymen here to free them. They were taken to Salda where they were arraigned and held for the federal grand jury in Pueblo. A crowd of Austrian friends and relatives followed the prisoners to the station singing native war songs and making threats but without violence.

RUMANIA WAITING  
FOR MUNITIONS

(Correspondence of the Associated Press.)  
TOKIO, June 21.—The Rumanian mission to the United States has arrived. The members declare there is little hope of a Rumanian offensive until the Russian situation is improved, owing to the difficulty of getting ammunition.

ONE WOMAN IS ARRESTED FOR  
SWIPING BANNER FROM SUFF;  
POLICE PROTECT OFFENDERS

(By Associated Press.)  
WASHINGTON, D. C., June 21.—The persistency of the suffrage sentinels culminated in an anti-suffrage demonstration at the White House gates when a crowd of nearly a thousand tore down banners for the second time today. The crowd's victory was shortlived for, in ten minutes, two more banners had been obtained from suffrage headquarters nearby. Policemen notified passers-by to let the banners alone.

Suffrage sentinels brought another banner with the same inscription to

the White House today and another crowd tore it down. The police did not interfere until after the banner was wrecked.

The banner was in front of the White House gates only a few moments. The crowd was not large. A man passing in an automobile stopped his car, walked over, tore the party banner off and resumed his journey, refusing to give his name. Later, after the crowd shouted "traitor," a man giving his name as George B. Montgomery, Richmond, Va., tore the ramblender from the frame. Then the police dispersed the crowd.

Miss Lucy Burns, of New York, and Miss Cathryn Moore, of Boston, held the banner. No attempt was made to touch them by the police or the crowd.

The police was forced to clear the sidewalks in front of the White House several times. The crowd was mainly good natured. One woman, after talking earnestly with a sentinel, suddenly snatched her banner and ran. The crowd took away the other banners and the police arrested Mrs. Dee Richardson, whom they claimed snatched the banner.

BIG NAVAL  
BATTLE IS  
PREDICTEDBERLIN EXPERT FORECASTS EN-  
GAGEMENT TO OFFSET THE  
SUBMARINE

(By Associated Press.)  
COPENHAGEN, June 21.—A naval expert of the Berlin Lokal Anzeiger believes a steady continuance of the submarine warfare will ultimately force a general battle between the British and German fleets as the only means of ending submarining.

MASS MEETING  
OF RED CROSS

William H. Hush, field agent of the American Red Cross, will address a mass meeting tomorrow evening at the Airdome, which has been tendered free for the purpose. The speaker will deal with the issues and state of war and the great Red Cross movement inaugurated to back up the allied armies in the field.

The executive committee of the local chapter will meet at 4 o'clock tomorrow afternoon in the office of R. J. Highland when plans of the canvass will be discussed.

The big drive may not occur until the week of the 4th, when the committee of arrangements of that celebration have fixed it that a percentage of all moneys will go into the Red Cross fund. The prize fight will be a money maker judging from the advance sale of seats and it is expected that a goodly sum will also be realized from the street carnival, which pays a percentage of the gross receipts.

The good work was begun by the Elks whose subscription was \$100 cash and \$25 a month instead of \$25 a quarter for the duration of the war, as first stated. The Nye county chapter boasts of a membership of nearly 1000 and the receipts from the sale of buttons combined with private donations will probably raise the contributions of this camp to \$2000.

Colorado leads all states west of the Mississippi with a total today of \$19,417, or \$19,917 more than was expected of her. Utah with \$217,000 subscribed, or \$12,000 over her quota is second, and Oklahoma is third with \$111,800.

Olympia, Wash., and Monte Vista, Colo., both have reported at the end of two days' campaign a total of \$1,700, which is 54 per cent more than they had promised.

MORE MINeworkers  
LEAVE BUTTE MINES

(By Associated Press.)  
BUTTE, Mont., June 21.—Additional miners walked out of the mines in the Butte district yesterday. It was stated authoritatively that less than 20 per cent of the normal force is now working. For the first time in years, but one shift, that of the day, is being worked. The strike of the electricians against the Montana Power company and the Anaconda Copper Mining company gained recruits when the electricians employed inside the mines quit.

The metal miners union appealed by telegram to William B. Wilson, secretary of labor at Washington, to send a representative to Butte to investigate the union's demands.

The demand says that the newly organized union is not dominated by the Industrial Workers of the World, as charged by mine operators, nor any other national organization as yet. The communication says the miners court investigation.

The metal mine workers union is gaining members daily, according to its officers' statements and the mines are gradually losing workers. At one mine normally employing 300 men on a shift, not one miner reported for work today. The mine owners stated that their men are not reporting because they have been intimidated.

UNREGISTERED CITIZENS  
ARRESTED IN THE EAST

(By Associated Press.)  
PHILADELPHIA, June 21.—Seventeen young men and women were arrested today for distributing literature which the police declare is contrary to the government's welfare. They are held without bail, charged with suspicion of treason and inciting riot. Most of the men had not registered.

FRESHNESS AND MONEY TO  
AID FRANCE

(By Associated Press.)  
PARIS, June 21.—Julius Cambon, secretary of the ministry of foreign affairs, today declared that America's entrance into the war has caused serious unrest in Germany.

Germany realizes that America brings freshness and ardor undiminished by three years of war. Therefore it is multiplying its efforts to spread dissension among the entente. Cambon declared the Alsatian question will be the big issue when peace negotiations come.

"The American public must know that all our questions, economic, maritime, colonial, indemnity and Belgian matters must yield before it. According to its solution posterity will know who triumphed."

SOCIALISTS DISCLAIM  
A RUSSIAN MEMBERNOT AUTHORIZED TO SPEAK  
FOR PARTY WHICH HE SAYS  
IS NEUTRAL

(By Associated Press.)  
STOCKHOLM, June 21.—Dr. Max Goldfarb, American Socialist who arrived, declared that "although the United States is already in the war, I can say that the position of the American Socialist party as a whole is strictly neutral, and thoroughly international." He said he represents the whole American party.

(By Associated Press.)  
CHICAGO, June 21.—At national Socialist headquarters it was said the Socialist party of the United States never had taken any action authorizing Goldfarb to speak for it. Goldfarb is a Russian citizen.

(By Associated Press.)  
WASHINGTON, D. C., June 21.—The appointment of J. F. Shaughnessy, of the Nevada railroad commission as a member of the interstate commerce commission, was urged upon the president by Chairman Newlands of the senate commerce committee.

ITALIANS APPLAUD  
WILSON'S MESSAGE

(By Associated Press.)  
ROME, June 21.—A remarkable demonstration for the United States took place in both the chamber of deputies and the senate today. When President Wilson's war message to congress was referred to the entire cabinet, deputies and senators stood and applauded.

AVIATORS KILLED  
FLYING IN JAPAN

(By Associated Press.)  
TOKIO, May 21.—Progress in aviation in Japan has again been attended with tragedy. Yesterday two men lost their lives by the fall of a machine—one Professor Seitaro Tamai, of the Nippon flying school, and the other Reizo Yukawa, a photographer on the staff of the Nichi-Nichi, who had been taken up as a passenger.

Professor Tamai was a capable aviator and had made several previous flights near Tokio, with passengers, on one occasion having successfully looped the loop. But when he ascended with the photographer connecting wires broke and the aeroplanes crashed to the ground. The petroleum tank exploded and the two men, already badly injured, were suffocated and charred in the flames.

(Correspondence of the Associated Press.)  
YONOSEAWA, Japan, June 21.—The city of Yonoseawa, one of the most important silk weaving centers, is scarcely more than a pile of ruins as the result of a fire which destroyed over 3000 buildings, caused 14 deaths and made thousands homeless. The loss is \$5,000,000.

SCHOOL OF MINES  
LOOKS FOR SITECITIZENS EXPECTED TO PROVIDE  
THE SCHOOL WITH NEW  
QUARTERS

Tonopah school of mines, which is a branch of the Mackay school at Reno, must find new quarters by the first of September, because the school trustees of the Tonopah district find it necessary to occupy the entire building for local purposes. Prof. Lincoln is here to confer with citizens and the mine operators to see if some improvement cannot be effected in securing a site. One drawback to the school was the location, which made it difficult for working miners living in distant quarters of the camp to reach and it is hoped that some way may be found by which a central site can be had by the outlay of a small amount. In the appropriation for the school no provision was made for rental or purchase and therefore the question is squarely before the citizens. One suggestion was through co-operation to establish the school where it could be made the nucleus of a civic center with a free reading room and a museum of ores from all Nye county mines.

Another proposition has been taken under advisement. This is to combine with the rescue station and safety first corps which contemplate erecting a suitable structure to be used for training quarters. The old brokerage building on Brongher avenue has been suggested as a suitable place by roofing in the
